CANVAS

Value-driven Cybersecurity: Which Security? Whose Values?

19 June 2019
Brussels
Vrije Universiteit Brussel, Pleinlaan 5, Lisbon Room

The CANVAS Consortium – Constructing an Alliance for Value-driven Cybersecurity – during the three-year period actively contributed and shaped discussions on ways to attain value-driven cybersecurity regulation in the EU. Numerous deliverables were prepared, and a rich variety of dissemination **events** were held to address technical, legal, ethical and societal issues concerning the ever-expanding realm of cybersecurity regulation.

To bring together different takes on the perception of cybersecurity, its regulation, ethical challenges and education, the CANVAS Consortium is organising **the final conference**. The event will address the most pressing issues, such as the scope of cybersecurity domain in the EU, democratic electoral processes and ethical dilemmas of identifying and reporting data vulnerabilities. Within interactive panel discussions with external experts, the Consortium members will provide an integrative view on CANVAS results, such as policy briefing papers, a massive open online course (MOOC) and recommendations for reference curriculums.

The event will be concluded by the session anticipating the future of the cybersecurity domain in the EU and in particular the development of cybersecurity competence centres.

We invite you to join us!

The conference (including lunch and reception) is **free of charge**. Please note that **registration is required** to facilitate catering.

Agenda

9:00-9:30 Reception & coffee

9:30 – 9:45   **Opening word & recap of the CANVAS project**

- Markus Christen, University of Zurich

9:45 – 10:30   **Mapping the cybersecurity domain in the EU**

Discussants:

- Eva Schlehahn, Unabhängiges Landeszentrum für Datenschutz Schleswig-Holstein (Kiel DPA)
- Nicole van der Meulen, Europol
- Aristotelis Tzafalias, DG Connect, European Commission

Moderator: Maša Galič, TILT, Tilburg University

10:30 – 11:00 Coffee break

11:00 – 11:30   **Cybersecurity in the European Union: Resilience through Regulation**

- Keynote by Ramses Wessel, Centre for European Studies, University of Twente

11:30 – 12:30   Cybersecurity for democracy: Electoral process and beyond

Discussants:

- Antti Vähä-Sipilä, F-secure
- Vagelis Papakonstantinou, LSTS, Vrije Universiteit Brussel
- TBC

12:30 – 13:30 Lunch

13:30 – 14:30   Ethical dilemmas of identifying and reporting data vulnerabilities, incidents and data breaches

Discussants:

- Karine de Silva, Morrison & Foerster
- James Caffrey, DG Connect, European Commission

Moderator: Lina Jasmontaite, LSTS, Vrije Universiteit Brussel

14:30 – 15:30   Teaching value-sensitive cybersecurity

Discussants:

- Dominik Herrmann, University of Bamberg
- Gwen Morgan, Institute of Ethics, Dublin City University
- Alberto Blanco-Justicia, Universitat Rovira i Virgili

15:30 – 15:45 Coffee break

15:45 – 17:00   Taking cybersecurity forward by building competence centres

Discussants:

- Thibaud Antignac, The French Alternative Energies and Atomic Energy Commission (SPARTA)
- David Goodman, TDL (CyberSec4Europe)
- Wim Mees, Royal Military Academy (ECHO)
- Vassilis Prevelakis, Technical Universityof Braunschweig (CONCORDIA)

17:00 – 17:15   Wrap up & next steps for the cybersecurity domain

- Gloria González Fuster, LSTS, Vrije Universiteit Brussel

17:15 – 18:30 Reception
